

## Shaw Community Conversations

As a community, we've been saddened by the events in Ferguson and beyond. Last weekend, the Shaw neighborhood association president led the first of several scheduled discussions to provide an opportunity for Shaw residents to talk about the issues facing the region at large.

We invite you to attend any of the next 3 sessions to join together for these important discussions. We also welcome your ideas and will continue to find ways for us to grapple with the effects of fractured communities, have meaningful conversations, and to come together as a neighborhood to heal.

### Upcoming Shaw Community Conversations
